Challenge Prompt

⚠ WARNING

The initial **Follow the Money** challenge should be completed first before this challenge.

Hey Support Team,

Thanks for your help the other day! After seeing the way you handled yourself and gathered these details, I wanted to see if I could get a bit more help from you. I know you found their username the other day. See what you can do with that. I need you to find the town that this hacker lives in. I don't think the IR firm is doing enough. I want to have every piece of information we can find. Maybe we can pay a visit. Let me know what you find. Thanks!

💬 IMPORTANT

This challenge **DOES NOT** require you to contact any businesses. This can be fully solved with publicly available information. Being that this is OSINT and public-facing, please **DO NOT** do anything to disrupt other CTF players or others that are not involved with the CTF.
